5/20/24

Deputy Coroner

Apply Online

Category: **Deputy Coroner**

Date Posted: **5/9/2024**

Location: **Urbana, IL**

Date of Availability: **ASAP**

Date Closing: **05/19/2024**

The Champaign County Coroner's Office is now accepting applications for the position of Deputy Coroner (Full-Time).

The Deputy Coroner works directly with the coroner, the forensic pathologist, and other staff during death investigations and autopsies. This position requires the ability to perform comprehensive death investigations which includes interacting with deceased human remains by performing external evaluations, documenting and collecting evidence, and assisting with autopsies and identifications. Additional duties include writing detailed investigation reports, reviewing patient medical records, interacting and communicating with medical personnel, law enforcement, and families, maintaining the cleanliness of the morgue and storage facility, and performing other duties as assigned. Preferred candidates shall have excellent attention to detail and a minimum two years during the past five years verifiable background/experience and/or training/education in one or more of the following disciplines:

Anatomy/Physiology

Criminal Justice/Forensics

EMS/Fire

Funeral Directing/Embalming

* Knowledge and understanding of general medical terminology is preferred. In addition to excellent attention to detail, applicants must possess strong written and verbal communication skills, experience using Microsoft Office Software, and ability to work varying day and on-call shifts including nights, weekends, and holidays.

Applicants must possess a valid Illinois Driver's License with a clear driving record and live within the geographical boundaries of Champaign County, Illinois within 30 days of hire. Non-resident applicants shall agree to relocate to Champaign County, Illinois within 30 days of hire as a condition of employment. All applicants must be at least 21 years of age at time of hire, pass a complete state and national criminal background check, and a post-employment offer physical fitness test as a condition of employment. This position is a full-time position with varying day and night shifts including mandatory evenings, weekends, and holidays. Champaign County offers a competitive benefits package, including paid time off, health insurance, life insurance and employer contributions to a defined-benefit retirement plan. Completed applications must be received by 4:30PM on Sunday, May 19, 2024 through Frontline (formerly AppliTrack) at www.co.champaign.il.us/jobs.

All questions should be directed to Coroner Steve Thuney sthuney@champaigncountyil.gov.

Salary Range \$20.59-\$30.89 DOQ

Applicants should note this is a Bargaining Unit position under the Agreement set by the American Federation of State, County, and Municipal Employees (AFSCME) Union contract.

EEO / AA / ADA

City of Danville

Job Title: Community Relations Coordinator

The City of Danville is seeking a qualified Community Relations Coordinator to join our team!

At the City of Danville, we care deeply about our citizens' quality of life. We are seeking a Community Relations Coordinator to help us fulfill four primary functions.

1. Provide organizational support to the Community Relations Administrator.
2. Plan and implement successful and positive events that benefit the culture of Danville.
3. Foster and increase positive relationships with community partners and neighborhood associations.
4. Improve our image both within and outside of our community.

As the Community Relations Coordinator, you will play a key role in developing and maintaining relationships with the community, stakeholders, and media outlets. You will be responsible for coordinating and implementing strategic initiatives to enhance our organization's reputation and promote our mission. If you are a passionate individual with a strong commitment to making a positive impact in the community, we encourage you to apply for the position of Community Relations Coordinator. Join our team and help us create meaningful connections that drive change.

Type: Full Time **Shift:** 1st Shift **Days:** Monday – Friday **Wage:** \$45,680 - \$68,520

Benefits: Eleven (11) paid holidays each year. Ninety-six (96) hours of Earned-Time Leave each year. Eighty (80) hours of vacation leave after first year. Illinois Municipal Retirement Fund participation. Affordable health, dental and vision insurance. \$10,000 paid life insurance. Optional deferred compensation.

Qualifications:

- Minimum of a two (2) year college degree in community relations or a related field. Equivalent coursework and training in the field of communications, marketing, public relations, business marketing, or related subject areas may also be considered.
- At least two (2) years of work experience in community relations, event management, communications, marketing, public relations, business marketing, or a related field.
- Excellent communication skills, including professional level knowledge of business English, grammar, and spelling, as well as the ability to compose professional correspondence.
- Great interpersonal skills and ability to work well as part of a team, including establishing and maintaining highly effective working relationships.
- Excellent organizational and time management skills with the ability to plan and carry out large-scale community events.
- Demonstrated ability to manage multiple projects independently and efficiently to meet deadlines with the ability to be nimble in a fast-paced environment.
- Ability to work well under pressure and manage sensitive or controversial subjects with tact, kindness, professionalism, and confidentiality.
- Proficient in Microsoft Office Suite and related writing, presentation, and publication software.

Degree Requirements: Associate Degree **Required Languages:** English

Company Name: Watchfire Signs, LLC

Job Title: Help Desk Customer Service Technician I

Description:

Our true differentiator in the market is exceptional technical support/customer service. Our help desk team is at the core of this promise. These technologically savvy call center techs are key team members who provide our outside customers -- end users and sign technicians -- with installation, service, maintenance and software operation assistance and training as part of the technical support helpdesk, utilizing an extensive knowledge base and hands-on training with our team. This is not a "customer service" CSR role in the traditional sense, as it is far more technical in nature; however, customer service is the critical focus of this helpdesk technician position.

Type: Full Time **Shift:** Other **Days:** Monday – Friday **Wage:** Hourly based

Benefits: Watchfire Signs offers a variety of benefits that include: medical, dental, vision, 401K, paid time off and much more!

Responsibilities:

- Provide world-class customer tech support promptly, with a focus on quality and on first call resolution to our customers, dealers, and end-users.
- Assist in continual improvement/expansion of the Watchfire knowledgebase - a key web-based collection of both internal and customer-facing troubleshooting, how-to and resolution documentation.
- Maintain detailed customer records in Customer Service database regarding each service/support call, email, and chat.
- Perform other various special software and engineering assignments or duties as required.
- Possible travel to job sites to provide hands-on assistance with installation, training, or service.
- Occasional weekend duties, such as providing on-call or remote weekend helpdesk support.
- Occasional interaction with design/engineering team, with possibility to grow into R&D assignments, depending upon level of education and technical training.

Qualifications:

- Solid understanding of basics of networking (not simply computer operation) is REQUIRED -- significant college coursework preferred.
- Basic understanding of electronics - including college coursework - strongly preferred.
- NETWORKING: Previous hands-on network installation/maintenance coursework or experience (network setup, network technician, cabling, PC setup, telecommunications, etc.) preferred.
- Previous customer service work experience is strongly recommended; 1+ years prior helpdesk / phone support experience, ideally IT/software/computer phone support, is strongly preferred.
- Exceptional and demonstrated verbal communication skills required, with demonstrated customer service skills STRONGLY preferred.
- Bilingual Spanish at a level of providing technical information via verbal or written communications a PLUS but not required.
- Willingness to work occasional overtime and weekends.

**Watchfire is an Equal Opportunity Employer. All aspects of employment including the decision to hire, promote, discipline, or discharge, will be based on merit, competence, performance, and business needs.*

**Legal authorization to work in the US required. We will not consider candidates who need sponsorship, now or in the future, to be legally employed in the US. No H1B, OPT, CPT or other "temporary work authorization" candidates will be considered.*

Degree Requirements: High School, Associate Degree, Bachelor's Degree

Years of Experience: 1-2 years **Job Expires:** 2024-05-31

ABOUT HARRISON STEEL

Harrison Steel is a family owned company that engineers and manufactures castings of 350 to 12,500 pounds, net casting weight, for businesses in industries such as agriculture, mining, and oil and gas. The benefits of working at Harrison Steel include 401k and profit sharing, full health, vision and dental plans available, vacation, career opportunities to move into other departments and supervisory roles, and competitive salaries. HS is located in Attica, Indiana, where it was founded in 1906 by J.W. Harrison, as the National Car Coupler Company. Attica is a rural city surrounded by traditional Midwest farmland that about 3,200 residents call home. The foundry is a 40-minute drive from Lafayette, Indiana or Danville, Illinois, and 1.5 hours from Indianapolis.

Type: Full Time **Shift:** 1st Shift **Days:** Monday – Friday **Wage:** Up to \$30 per hour

Benefits: Full-time employees who have completed 90 days of service are eligible for medical insurance through the Harrison Steel Castings Company Employee Benefit Plan. Included in the plan, besides medical and pharmacy coverage, are multiple other benefits designed to keep employees and their families healthy. The WeCare Clinic at Harrison Steel is staffed with a doctor and performs services such as blood work, physicals, EKG, and yearly exams at no charge. Network of high-quality surgery providers with no deductible or co-insurance as well as individual care coordinators to assist with all logistics and details. LiveHealth Online is a virtual visit that allows subscribers to see a doctor from the comfort of your home 24/7 by using your PC, smartphone, or tablet and only has a \$30 copay per visit. SHIFT is a free program for employees and their families that uses a research-based employee coaching strategy that offers personal and individual solutions regarding personal wellness; whether that is financial, weight management, becoming more active, managing stress, or any combination of wellness.

Employee Wellness is a benefit which can provide up to a 30% discount on medical premiums by employees and spouses completing annual biometric screenings, tobacco-free certification, and wellness coaching.

- Vacation Pay, Company Paid Holidays, Life Insurance

The Harrison Profit Sharing and Retirement Plan

In 1950, Harrison Steel started a profit-sharing plan to help employees plan for their retirement. The company has since upgraded the plan to a self-directed daily valuation 401(k) plan, but has retained the profit-sharing component. All employees are eligible to enter the plan and defer their own money at the first of the month following the completion of three (3) months of service. Upon the completion of one (1) year of service by an employee, in which he or she completed at least 1,000 hours, the employee becomes eligible for the company match (up to 3% of gross wages) and profit-sharing contributions. The amount contributed through profit sharing depends upon the Company profits from the previous year and is available to all participants active as of December 31st. After three (3) years of service, the participant becomes fully vested and will receive the entire company portion of his or her account upon separation from the company. Loans of a minimum of \$1000 and up to half of the participant's vested amount may be made by our plan administrator. All loans must be paid back within five (5) years, there is a \$150 application fee, and a maximum of two (2) outstanding loans at any time. The Retirement Plan Advisory Committee is responsible for the administration of the plan and providing oversight, guidance, and due diligence with respect to investments within the plan. For more information, please review the plan, a copy of which you can obtain from Human Resources.

Company Name: Automation International, Inc.

Posted on: April 30, 2024

Job Title: Controls Systems Engineer

Description:

Electrical Engineer with machine automation design and improvement skills. This is a hands-on design intensive role that will directly contribute to the design and commissioning of our welding machine and equipment lines. This person will be involved in the complete development cycle, from the design as it evolves from a technical specification, to a finished product. Detailed technical collaboration with the full cross functional development team will require strong/ongoing communication. Maintaining our market leading position will challenge your creativity and design skills.

Type: Full Time

Shift: 1st Shift

Days: Monday - Friday

Benefits: We offer a full benefits package which includes: Health, Dental, Vision, Life, Short and Long Term Disability, 401K with match, FLEX spending, 9 paid holidays and vacation accrual along with various AFLAC options.

Responsibilities:

- Ability to design high/low voltage, AC/DC electrical systems
- Support and manage the design, manufacturing, testing, commissioning, and support of a broad range of servomotor, hydraulic, and pneumatic based machines. these designs must address challenging performance objectives while meeting the size, thermal, manufacturability, reliability and cost objectives.
- Validate the design through design reviews, product testing and detailed analysis
- Incorporate support for the manufacturing, commissioning and ongoing maintenance of the product/system.
- Work with vendors and suppliers for component selection and integration into equipment design
- Complete all necessary documentation for manual development, i.e., panel layouts, wiring diagrams, PLC & HMI programs, spare parts lists, and collected vendor literature
- Active communication with the cross functional team to ensure schedule, cost and performance alignment
- Support our team of global field commissioning engineers with technical challenges
- Search for technologies which would improve product performance, reduce development time or reduce cost
- Able to travel within the United States and internationally as needed

Qualifications:

- Bachelor of Science degree in electrical Engineering or equivalent technical experiences required
- Minimum of 1 year experience with electrical schematic design software
- Minimum of 1 year experience with analog & digital circuit designs
- Basic understanding of Ethernet networks for control systems
- Knowledge of communication protocols (e.g. SPI, RS-232, RS-485, CAN)
- Must be familiar with hardware development lifecycle
- Hands on experience debugging PLC & HMI hardware and a variety of sensors, control valves, and servo-drives
- Strong proficiency with AutoCAD, Microsoft Office, and PLC & HMI programming using Allen Bradley, Siemens
- Well-developed written and verbal communication skills
- Skilled in writing specifications and end-user documentation
- Must be a Team Player, always willing to help out and take the initiative to get things done
- Ability to work independently and successfully to represent the Company

Degree Requirements: Bachelor's Degree

Job Expires: 2024-12-31

Application Email: employment@automation-intl.com

Company Name: Automation International, Inc.

Posted on: April 30, 2024

Job Title: Test Service Engineer

Description:

The Test Service Engineer supervises and/or performs the connection of the electrical systems, oversees the basic construction and installation of machine operating systems such as hydraulic and/or pneumatic, conducts demonstrations and test of equipment both in-house and at customer facilities. *Uses independent judgment and exercises discretion in executing their duties. This position requires a high degree of confidentiality.*

Type: Full Time

Shift: 1st Shift

Days: Monday - Friday

Wage: Competitive depending on experience

Benefits: We offer a full benefits package which includes: Health, Dental, Vision, Flex Spending, Life Insurance, Short and Long Term Disability, 401K with match, 9 paid holidays and vacation accrual plus various options through AFLAC.

Responsibilities:

- Conducts "de-bugging" of machine control systems.
- Provides completed documentation of tests conducted on equipment such as functional tests, safety criteria, correction of technical information and drawings to reflect "as built" by engineering
- Provides feedback to the sales/Engineering group on equipment performance for incorporation into future designs and quotes. Will advise of delays, problems or changes
- Performs as the "final step" in the Quality check of the equipment. Is responsible for final sign-off on compliance of the equipment in accordance with the specifications set forth in the project order.
- Performs experimental welding tests as requested by Sales/Engineering group
- Working knowledge of National Electrical Code and familiarity with industrial wiring practices as related to machine tools
- Ability to read and interpret mechanical and electrical engineering blueprints
- Basic working knowledge of pneumatic and hydraulic circuitry and valving
- Knowledge in the use of electrical measuring and testing equipment including, but not limited to Volt/Ohm meter, amp meters, oscilloscopes and chart recorders
- Working knowledge of all basic resistance and arc welding processes, their principles and application techniques is helpful
- Can read, understand and troubleshoot programmable logic (PLC) / electrical control systems.
- This position requires travel to customer locations

Qualifications:

- Associate's degree (Bachelor's preferred) in Electrical Engineering or related field; and/or equivalent combination of experience, education and training that provides the required knowledge, skills and abilities to perform the essential functions of this position
- PLC knowledge
- Two (2) to three (3) years' specifically related experience

CITY OF URBANA

THE CITY OF URBANA WELCOMES DIVERSITY!

We foster an environment that values and encourages mutual respect, inclusion of all people, and utilizing differences and similarities as an organizational asset. EOE.

**International Union of
Operating Engineers
Local 841
Apprenticeship &
Training**

765-828-1102 Phone

765-828-1108 Fax

info@841training.org

The purpose of the Operating Engineers apprentice training program is to ensure a continuous supply of skilled craftsmen coming into the trade. Apprentices are carefully selected and provided with training that will ensure they will be equipped with superior skills and the latest technology. Upon completion of their training, they will be an asset to the employer as well as the community, to the end that the public will receive the best possible workmanship.

Some of the classes offered are Forklift, Global Positioning System, Basic Mechanic, Milling Machine, Oiler, Laser/Automatic Controls, Grade Stakes, OSHA, CPR/First Aid, Hazmat, Crane, Backhoe, MSHA, Directional Boring Machine, Graders, Dozers, and others.

The program offers the latest technological and safety training to the Apprentices as well as to the Journeyman Operating Engineers.

Local 841 believes that comprehensive, uniform training for the members will provide a work force that is both productive and safe, and is beneficial to the public, the contractor and the members. The training is based on the premises that the work of the Operating Engineer should be done by qualified Journeymen assisted by indentured Apprentices.

What Is An Apprentice?

Apprenticeship is an excellent way to learn a craft and to earn an income at the same time. The system is designed to give someone who knows little or nothing about the trade the knowledge to become a master.

Urbana Fire Department

Fires don't wait - neither should you.

APPLY TODAY!

Fall 2023 Recruitment is happening NOW!

Minimum Requirements:

- Minimum of 20 years of age and under 35 years of age, unless exempted per state statute (65 IL 5/10-2.1-7.1). Exemptions to exceed the maximum age limit are allowed for military service and volunteer, paid-on-call, part-time and full-time firefighters meeting certain conditions. No candidate will be hired unless they have reached the age of 21 at the time of offer.
- Legally authorized to work in the U.S. (Must meet I-9 requirements).
- Valid driver's license (valid Illinois driver's license at time of hire).
- High school diploma or equivalent.
- Proof of completion of Candidate Physical Ability Test (CPAT) and proof of passing the Ladder Climb Test with any licensed agency. Proof of completion of CPAT and Ladder Climb Test must be provided by the conclusion of the interview process, which is anticipated to take place in January of 2024.
- Completion and submission of online application by December 10, 2023.
- Ability to satisfy background standards.

SPARKS

HIRING!

SUMMER INTERNSHIPS AVAILABLE AT

WATCHFIRESIGNS.COM

Watchfire Signs is a local company located in Danville, IL. We have a 91 year history and are a respected manufacturer in the sign and digital billboard industries. Watchfire offers comprehensive benefits including 401K with matching, affordable health/dental insurance, paid time off in year of hire, continuing education assistance and career advancement opportunities. We have been an employer of choice for decades, and have experienced incredible growth.

We are excited to once again offer our summer internship program. This program is a hands-on, real-world position, assisting our Software Engineers with coding, building, and testing various applications and products. You'll not only operate and learn how our systems work, you'll also build practical knowledge and participate in company operations in a day-to-day environment.

For qualifications and to apply, please visit us at:

www.watchfiresigns.com/watchfire-careers/

We look forward to working with you!

*Watchfire is an Equal Opportunity Employer. All aspects of employment including the decision to hire, promote, discipline, or discharge, will be based on merit, competence, performance, and business needs.

*Legal authorization to work in the US required. We will not consider candidates who need sponsorship, now or in the future, to be legally employed in the US. No H1B, OPT, CPT or other "temporary work authorization" candidates will be considered.

The Illinois Department of Corrections is a multicultural agency deeply committed to ensuring diversity, equity, and inclusion. This commitment is at the forefront of our operations, hiring, policies and procedures, and training. We recognize the benefit of workplace empowerment, the importance of diversity and fully support an environment where ALL employees are treated fairly, respectfully, and have equal access to opportunities and resources necessary to thrive and contribute to the agency's success. IDOC genuinely values the differences of individuals in our custody and is committed to ensuring a healthy living environment where they feel valued, respected, and included.

Through our commitment to Diversity, Equity, and Inclusion (DEI), we shall establish and uphold agency policies and practices conducive to eliminating all forms of exclusion including, but not limited to, racism, ageism, ableism, sexism, discrimination based on sexual orientation, gender and gender identity, and religious oppression.

The Illinois Department of Corrections is proud to be an Equal Opportunity Employer.

ILLINOIS DEPARTMENT OF CORRECTIONS

Screening Process

Applicants must meet minimum standards on each examination to be eligible for hire. Applicants can earn up to a total of 130 screening points and are placed on eligibility lists in rank order. Institutions hire applicants based on scores.

1. Test of Adult Basic Education (TABE)-The Department of Corrections requires that all applicants for security positions successfully complete a written reading comprehension and vocabulary examination. Applicants meeting this criterion can move on to the next phase in the screening process. The TABE is used to establish a baseline for reading comprehension. This test is waived if the applicant has 15 or more college credits and brings transcripts the day of the testing.
2. Observation Examination (0-20 points)-To assess each applicant's capacity to comprehensively, fairly, and objectively evaluate a scenario and provide a detailed incident report. Applicants will be given a scenario write-up. Each applicant will be given 3 minutes to review the scenario and will be allowed to take notes. An applicant will then have 5 minutes to complete an incident report.
3. Structured Oral Rutan Interview and Writing Sample (0-100 points)-Applicants are interviewed by a team of two screeners using a standardized Rutan interview questionnaire.
4. Military Service (0-10)
5. Physical Agility Test - Since being in good physical shape is a prime consideration for being a Correctional Officer Trainee, applicants are required to successfully complete a physical agility test to be eligible for hire. The test includes four exercises designed to measure an applicant's ability to perform the job duties required of a Correctional Officer Trainee. Applicants must complete all four of the exercises to continue in the screening process. Test consists of: Hand Grip, Push-ups, Obstacle Course and stair steps.

Helpful Tips on Testing with IDOC

1. Fill out all attached forms completely and obtain all documents required before the screening. This information can be found on our website and on your email invite to the screening.
2. Make sure you do not have any employment GAPS on your CMS100. Start with high school graduation date or 18th birthday and cover all time until current date. Times of unemployment should be documented on its own with a brief explanation (unemployed, stay at home parent etc.)
3. Male applicants 26 and younger MUST have their selective service number on the date of the screening.
4. Discharged Veterans need a certified copy of DD214/NG22. Still active members need a certified letter of good standing.
5. There are practice versions online for the TABE exam, they are not IDOC tests but are similar 12th grade level, multiple choice questions that can assist in preparing for the exam. (google practice TABE exam)
6. During the Observation and Writing Sample portion you will be graded for grammar, punctuation, organization and including all specifics of the scenario.
7. RUTAN Interview: You will be given a point value for each question answered. It's important to answer all the parts of each question. The screeners can repeat the questions, they cannot elaborate, explain or provide feedback. They will be writing down your answers as you answer them.
 - a. Reviewing the job description beforehand, noting the demands of the position will better prepare you for describing your qualified abilities.
 - b. Use the information from your CMS100 to be sure you are giving full descriptions of your experience, education and/or training for each question asked. The more you can say/relate to the question being asked, the better.
 - c. Use the scrap paper to write the question down to remember to answer all the parts.

An Experience Beyond Belief

HSHS Scholars

The HSHS Scholars program offers funding for nursing students with educational expenses with a maximum of \$20,000. This funding is awarded to qualifying students attending an accredited nursing program.

Applicants should have an interest in working for an HSHS Illinois hospital upon graduation and passing boards.

For more information, **click here** or scan the code.

HSHS invests in its nurses with a comprehensive benefits program, competitive salaries and career development opportunities. We also care about achieving work/life balance and believe our colleagues need personal and family time to be well-rounded individuals who can best serve our patients.

Micah T.

HSHS Scholars program recipient

“Applying for the HSHS scholarship was the best thing I could have done for myself and my career path, and something I’d do time and time again. While nursing school is stressful enough in itself, I found peace in knowing I had financial help along the way, as well as already having lined up where I’d be working upon graduation.”

Local 669 Sprinkler Fitters Apprenticeship Opportunities

TO: State of Illinois Outreach Organizations
DATE: August 2019

The Local 669 Joint Apprenticeship and Training Committee (JATC) conducts a five year apprenticeship program in all or part of 48 states in the U.S. for Sprinkler Fitters who are piping mechanics specializing in Fire Protection. We are very interested in your help to recruit qualified applicants. We also have excellent insurance, pension and education plans. The apprentice's entry-level rate is based on a percentage of the Journeyman rate of \$44.26 per hour and may increase every six months if qualified. Previous experience in construction or related college or military experience may enhance the entry-level wage.

The minimum qualifications for entry into the Program are:

1. **Must be the age of 18 or over.**
2. **Must be a high school graduate or have G.E.D.**
3. **Must be physically fit to perform the work of the trade.**
4. **Must have military discharge under other than dishonorable conditions, if applicable.**

Applications will be accepted five days per week, except holidays, 52 weeks per year between the hours of 9:00 - 11:30 a.m. and 1:30 - 3:00 p.m. at the contractor/employers address. All completed applications will be held on file until there is a need to interview applicants for expected opportunities.

Applications must be completed 45 days prior to interview date. All applicants must provide a copy of their birth certificate, high school diploma or G.E.D. certificate and Military Discharge (Form DD-214) if applicable.

The recruitment, selection, employment, and training of apprentices during their apprenticeship shall be without discrimination because of race, color, religion, national origin, or sex. The sponsor will take affirmative action to provide equal opportunity in apprenticeship and will operate the apprenticeship program as required under title 29 of the Code of Federal Regulation part 30.

The JATC and Local 669 signatory contractors are Equal Employment Opportunity Employers.

Please visit the training website www.training669.org for further information.
