

Art

Baccalaureate Transfer Program

The art program accentuates the importance of aesthetic growth and visual literacy through the exploration and appreciation of art in history and across cultures, as well as the development of technical skills, craftsmanship, and overall artistic discipline through various applied arts offerings. The creation of art is the final product of a unique process of problem solving, learning to see, learning to think, and developing a personal aesthetic. The variety of art courses at DACC provide a realistic, practical and creatively stimulating education. The studio offerings are conducted in an open environment where students benefit from demonstrations and lecture/discussion groups focusing on a wide range of artistic forms and interests.
