

Criminal Justice: Law Enforcement

Career Program at Danville Area Community College

The criminal justice curriculum is designed to give students the academic background and initial training for careers in law enforcement. Law Enforcement deals with the safety and well being of citizens by enforcing statutes, laws, and regulations. Duties vary widely, but in most jurisdictions, law enforcement officers will also spend considerable time writing reports and maintaining records that are needed when legal actions require them to testify in court. General law enforcement duties may include directing traffic, investigating crime, giving first aid to an accident victim, patrolling a designated area to prevent crime or assisting a community with its own crime prevention endeavors. This program is not designed to transfer to a senior institution; however, this program has been articulated to some senior institutions. Please contact a counselor for specific details.

Application Note: During the first year of the program, students will be asked to complete an application. Included in this is a statement by the student concerning a possible criminal past. A felony record precludes a students' employment in many enforcement positions. Prior to internship: student must complete an application and participate in the host department's selection process.

Program Specific Courses Include:

- Intro to Criminal Justice
- Criminal Investigation
- Criminal Law
- Laws of Evidence
- Patrol Techniques
- Criminal Justice Internship
- Criminalistics
- Criminology
- Forensic Science

Transfer Option with a 2+2 Program. This Career Degree has also been designed to transfer to Eastern Illinois University, Western Illinois University and Indiana State University.
