

Dual Enrollment

Danville Area Community College

*You Could Be Earning College Credit
in High School...for Free!*

What is Dual Enrollment? Dual Enrollment means that a student is taking a class that will be used for high school credit AND for college credit. Credit for the course(s) is placed on the student's high school transcript. Concurrently, credit is placed on an official DACC transcript. Junior and Senior level high school students are targeted for the program.

Free? At DACC, (Illinois high school) students who take courses for high school and college credit will have the tuition waived. However, some courses will still require a course fee to be paid and or textbooks to be purchased.

How Could You Work a Course Into Your Schedule?

Courses can be taken in a couple of different ways (per approval by the high school and DACC):

- 1) A regularly scheduled high school class (with the high school teacher) may be approved as a dual enrollment course if the course meets the guidelines of a DACC course. These courses will be set up by the high school and the college.
- 2) Students can take a course at the DACC campus (at night or during day if the high school approves), at an interactive video classroom, at a satellite location, at your school, or through a DACC online course.

Dual Enrollment Steps/Procedures:

1. *At the High School:* Talk to your high school counselor about the following:
 - a. Are you academically prepared for a dual enrollment course?
 - b. What course(s) do you want to take?
 - c. Are there any prerequisites to the course?
 - d. Is the high school willing to accept the course as high school credit too?
 - e. Complete and send the "High School Enrollment Permission" form to DACC.
2. *At DACC:* Admissions Office, Vermilion Hall, 2000 E. Main Street, Danville, IL 61832 www.dacc.edu
 - a. Complete a DACC Application form and return it to the Admissions Office
 - b. Inquire about course prerequisites.
 - c. Sign-up for placement assessment if needed for course. (Call 443-8708)

continued on back

Dual Enrollment Steps/Procedures (continued)

- d. Hand-in required "High School Enrollment Permission" form.
 - e. Register for course(s).
 - f. Verify if any tuition or fees will be due.
3. Attend the Course!
 4. An academic transcript will be sent to your high school at the end of the academic semester you are enrolled in.
 5. Your grades will be mailed to your home.

Guidelines to Keep in Mind:

- ◆ This is a college course. Course requirements, assignments, and timeframes will be more rigorous to meet the demands of a college-level course.
- ◆ Students are required to take any placement assessments necessary for the chosen college course. (The college administers the ASSET and COMPASS placement assessment. ACT and SAT scores may be used, too. A foreign-language assessment is required for enrollment in all foreign language courses above the entry-level DACC course.)
- ◆ Dual Enrollment opportunities may be offered to high school students in the following settings: on the DACC campus; at a DACC extension center site; during the regular school day at the student's home high school, or via alternative delivery courses such as online courses or video courses.
- ◆ Developmental courses (noted below) are not eligible for "dual enrollment." They can be taken as "High School Credit" or "College Credit." Developmental Courses include: DEVE 098 English, DEVE 099 English, DEVR 098 Reading Skills, DEVR 099 Reading Skills, DEVM 098 Mathematics, DEVM 099 Mathematics, DEVM 100 Mathematics, MATH 101 Basic Algebra, and MATT 132 Elementary Tech Math.
- ◆ Home-schooled students and Indiana high school students are not eligible for the tuition waiver.
