

Transfer Credit Evaluation

Danville Area Community College accepts 100-level and 200-level coursework from other postsecondary institutions who have been accredited by approved national, regional, and professional accrediting bodies. Accreditation shows that the institutions have been evaluated by recognized accreditors and are determined, by their peers, to meet acceptable levels of educational quality.

As part of the DACC application process, students are asked to send “official” transcripts from all institutions previously attended. Once the transcript is received by the DACC Records Office, the transcript is evaluated for general education credit. After the evaluation has been completed, the student will be notified of the results. The evaluation will specify what the transferred coursework equated to at Danville Area Community College.

If a student wants career-oriented (vocational) coursework to be evaluated, the student should contact the Records Office in Vermilion Hall to make the request. We will need to know the student’s specific major at that time.

Not more than forty-five credit hours will be accepted by transfer. The accepted coursework will also appear on the student’s DACC transcript. Only credit hours are noted on the DACC transcript. Grades are not figured in to the student’s DACC cumulative grade point average. However, if a student is a candidate for Summa Cum Laude honors at commencement, grades will be considered for any coursework that is used for degree completion.

Danville Area Community College will limit the academic residency to twenty-five percent or less of the degree requirement for all degrees for active-duty servicemembers and their adult family members (spouse and college-age children). In addition, there are no “final semester” residency requirements for active duty servicemembers and their family members. Academic residency can be completed at any time while active-duty servicemembers and their family members are enrolled. Reservist and National Guardsmen on active –duty are covered in the same manner.

Students who find themselves in the situations stated above will be referred to the Veterans Representative and/or Registrar for any assistance needed.
