Administrative Professional
Career Program at Danville Area Community College
Financial Aid eligible program

This degree program is designed to provide the technical training needed for the position of administrative professional. Administrative Professionals coordinate office activities to ensure that information gets disseminated to staff and clients. They control day-to-day office business operations, database management, and desktop publishing programs to prepare reports. They use computer software programs to create and prepare information for word processing, spreadsheets, databases, and graphics. They have frequent contact with higher management.

Program Specific Courses Include:
- Administrative Systems & Procedures
- Machine Transcription
- Notetaking
- Business Communications

Certificates:

Office/Advanced Office Certificates: These programs are designed to provide entry level employment skills for office personnel.

Desktop Publishing Certificate: The graduates of this program develop basic office skills and knowledge with training on computers, word processing software, and desktop publishing software.

Job/Employment Information:

Positions You are Trained for: Office manager, clerical supervisor, stenographer, general office clerk, claim representative, and administrative assistant.

Where Can I find a Job? New graduates will find jobs in administrative office in all types of firms. Private businesses, government agencies, colleges, universities, law offices, and medical offices are just some of the areas for employment.
