December 2014 Graduates

Please check in with your Academic Advisor for assistance in completing your intent to graduate. Also, be sure to follow up with any transfer counseling needed and scholarships that are available.

*See scholarship listed on the back of this newsletter.

**New Transfer Visit Policy—Effective October 2014**

At least three students must participate in a transfer visit in order for the visit to occur. Students must be present at the designated departure time for the visit or the trip will be cancelled. If you are unable to attend, it is important that you notify your TRiO Academic Advisor in advance.

The Student Success Center has laptops available for student use (in-office only). Students can also take advantage of Mometrix study guides and practice tests for the Compass, Asset, and other exams on the laptops and the computers in the TRiO lab.
