

**Transfer Curriculum
Nursing**

Individuals who complete the courses listed below earn the Associate of Arts degree at Danville Area Community College, will have met the senior institution's lower division general education requirements, and will be admitted as juniors.

Required Courses	Hours
Summer	
BIOL 102 Principles of Biology	4
Total	4
First Semester	
ENGL 101 Rhetoric & Composition I	3
BIOL 136 Anatomy & Physiology I	4
MATH 111 College Algebra	5
BOFF 140 Medical Terminology	3
INST 101 Success in College	1
Total	16
Second Semester	
ENGL 102 Rhetoric & Composition II	3
BIOL 137 Anatomy & Physiology II	4
MATH 161 Statistics	3
POLI 160 International Relations – OR – GEOG 134 World Regional Geography – OR – ANTH 107 Cultural Anthropology (See Note 1.)	3
Humanities/Fine Arts Elective	3
Total	16
Third Semester	
SPCH 101 Oral Communication	3
BIOL 140 Microbiology	4
PSYC 100 Intro to Psychology	3
Humanities Elective	3
Total	13
Fourth Semester	
CHEM 100 Chemistry I – OR – CHEM 101 College Chemistry I (See Note 2.)	4
PSYC 210 Psychology of Human Development	3
HLTH 130 Nutrition	3
Fine Arts Elective	3
General Elective (See Note 3.)	3
Total	16

Transfer Admission Requirements

Students who wish to transfer to Illinois State from another collegiate institution must designate: "**Nursing - Prelicensure**" as their *major* choice on the Illinois State admission application. A portion of the nursing class will be admitted via this option.

Transfer students are admitted during a Fall term only.

- Admission to this academic program is limited and is based on space availability and the competitiveness of the applicant pool. Factors that may be considered include, but are not limited to: college courses completed, hours completed, grades in prerequisite courses, cumulative GPA, quality of essay, healthcare experience and C.N.A. certification. C.N.A. certification is not required, but it may enable an applicant to be more competitive in the applicant pool.
- **The application for transfer students will be open September 1, 2017 - January 15, 2018 for Fall 2018 nursing admission.** Students attending Illinois State University during the Spring 2018 semester are ineligible for consideration as a transfer applicant for the Fall 2018 application period. Students must submit an application during the designated application period.
- There is only one admission application to complete. All supporting materials must be received by February 1, 2018 in order to be considered for admission. Official transcripts verifying completion of *Human Physiology and Anatomy I* (BSC 181 or KNR 181/183) OR *Microbiology* (BSC 160) displaying a grade of C or better must be received by the supporting material deadline of February 1 by the **ISU Office of Admissions, Campus Box 2200, Normal, IL 61790-2200**. Admission decisions will be communicated by February 15, 2018.
- Transfer Students begin taking nursing courses during their first fall semester and maintain full-time enrollment in nursing courses for two consecutive fall/spring semesters.
- Prior to enrolling in nursing coursework students must meet health and safety compliance requirements, to include drug testing, a criminal background check, a physical examination, and several immunizations. Failure to comply with these requirements will result in dismissal from the major.
- Official transcripts verifying completion of *Human Physiology and Anatomy I* (BSC 181 or KNR 181/183) OR *Microbiology* (BSC 160) displaying a grade of C or better must be received by the supporting material deadline of February 1 by the **ISU Office of Admissions, Campus Box 2200, Normal, Illinois 61790-2200**.

Retention in the Major

Transfer students admitted to the major as a junior must:

- Maintain a minimum 2.00 cumulative GPA to remain in the major.
- Obtain a C or better in all nursing courses; dismissal from the major will result when a student receives a grade of less than C in any two nursing courses or twice for the same course.
- Maintain consecutive Fall-Spring enrollment at the university. Any student who has not been enrolled in ISU coursework for more than one Fall or Spring semester or who has been academically dismissed from the major must reapply to the major. Readmission will be granted on a selective basis, depending on seat availability.

Notes:

1. By taking POLI 160, GEOG 134 or ANTH 107, students fulfill the Global Studies requirement at ISU. It also fulfills a Social Science Elective to graduate from DACC.
2. ISU will count either CHEM 100 General Chemistry or CHEM 101 Chemistry I for the ISU Nursing Program.
3. Students may need to take an elective class to have enough credits to graduate from DACC with your AA degree. Students must earn 60 credit hours and meet all the requirements to earn an AA Degree from DACC.
4. For other admission requirements contact:

Mennonite College of Nursing
Illinois State University
Campus Box 5810
Normal, IL 61790-5810
Telephone: 309-438-7400
