<b>TOTAL</b>	<b>14</b>

## **Transfer Admission Requirements**

Danville Area Community College cooperatively provides the basic life and physical sciences, behavioral and social sciences, communication and humanities courses for students admitted to the Lakeview College of Nursing.

The majority of the general education and pre-requisite courses taken within the first four semesters (for full-time students) are completed at DACC. All nursing courses are taken through Lakeview College of Nursing, beginning with the first semester of the third year (for full-time students).

Lakeview College of Nursing has full and part-time options available to all students and offers a Bachelor of Science Degree in Nursing. Students must meet Lakeview's admission criteria in order to begin taking courses at Lakeview College of Nursing.

Upon earning a Bachelor of Science in Nursing (BSN) Degree, graduates are eligible to take the national licensing exam (NCLEX-RN). Salaries for BSN grads are usually higher than for ADN-RNs. Additionally, a BSN is required for students that would like to pursue a graduate-level degree in nursing, such as the nurse practitioner or clinical nurse specialist programs.

For more information on this program, please contact a representative at Lakeview College of Nursing at 217709-0920 or at [admissions@lakeviewcol.edu](mailto:admissions@lakeviewcol.edu). Lakeview College of Nursing is located at 903 N. Logan Ave. in Danville, IL, and in Charleston, IL through a partnership with Eastern Illinois University. More information may also be found on Lakeview's web site, [www.lakeviewcol.edu](http://www.lakeviewcol.edu).

### **NOTES:**

1. Verification of current certification in CPR is a prerequisite for enrollment in all clinical courses at LCN. The only two courses accepted are: The American Heart Association - Basic Life Support (CPR & AED Program) OR The American Red Cross (Basic Life Support for Health Care Providers). Ideally, this should be taken as close to the Lakeview start date as possible.
2. If student does not take BIOL 102 or a Life Science IAI, they will earn an Associate in General Studies (AGS). Must complete a Life Science to earn the Associate in Arts (AA).

**PROGRAM AND CURRICULUM REQUIREMENTS ARE SUBJECT TO CHANGE.  
SEE A DACC COUNSELOR OR ACADEMIC ADVISOR FOR UPDATED INFORMATION PRIOR TO  
REGISTRATION EACH SEMESTER.**
