

Equity and Inclusion Team Meeting Minutes
Wednesday, January 21, 2015

Present: Carla Boyd, Bob Mattson, Candace McNeal, Wendy Brown, Barb Weldon, Carol Nichols, Tammy Clark-Betancourt

Charts: Bob reviewed two charts. The first was “DACC Student Enrollment by Credit Bands, excluding Correctional”. The primary take away from this chart is that we aren’t gaining full-time students, regardless of ethnicity. The other chart was “Success Coefficients using Logistic Regression, 2010 Spring – 2014 Fall.” The primary take away from this chart was that it supports our next step of scaling up to address low-income students.

A-MALE update: Tammy reported that due to scheduling issues, Stan would like to step down as the A-MALE advisor. Discussion occurred regarding continuing this initiative. Tammy will reach out to Stan to find out “How effective he thought it was with those who participated”; “Does he think the students want it”; “Does he think it was a worthwhile initiative”; etc. There was a discussion about the structure of the initiative and finding a “permanent home” for it.

Investigations- Carol provided a chart showing the breakdown of the results of the student surveys and noted that there are 43% of 170 students who completed the survey that have 3 or more barriers. She presented a draft letter that would go to students with 5 or more barriers to invite them to an open house to learn about the Investigations voluntary workshop.

AtD Coaches Visit – A brief discussion regarding the coaches comments and our need to scale up and integrate with the community.

“The Student Voice” focus groups: No discussion – will keep on the agenda for February.

Next Meeting: February 18, 8:00 am, VH-102
