

DACC Data Team

February 8, 2018

2:30 p.m., 109 Cannon Hall

Present: Cindy Peck, Dr. Penny McConnell, Bob Mattson, Angie Springer, Dr. Ruth Lindemann, Debbie Knight, Rebecca Courchesne, and Jessica Miles

1. Reports to review:

- a. Key Performance Indicators (page 30 – end)
 - i. KPI #6 – Momentum points – although the numbers for part time students look to be decreasing in 2014, more recent data shows this is improving.
 - ii. KPI #7A – transfer GPAs – information has not been steadily coming in to the college.
 - iii. Other KPIs – show nothing out of the ordinary
- b. Key Performance Indicators follow ups from the December meeting
 - i. Page 4 – typo was corrected and new pages were distributed
 - ii. Pell v Non-Pell Graduation Rates – although both were increasing the gap persists. This page will be shared with AtD Leadership. And this should be combined with retention and looked at closer.
 - iii. Measure 4A – Developmental to College – data showing Math, English, and reading separated out was shared (both passing rates and advancement rates). Questions still remain over why there is such a wide gap between passing and advancement that will be looked into for the next meeting.
 - iv. College initiative timeline – dates were shared and a timeline will be developed for the next meeting

2. New reports

- a. Student Progress in a Program – needs to be sorted by student start semester and better labeled. Should include all non-graduates, even those stopped out.
- b. Class Size Metric – postponed
- c. CTE Graduate and Leavers Comparative Salaries, 2012FA through 2015SP – postponed

3. Items from the Floor

- a. Coaches visit takeaways
 - i. Data visualization - consider sharing the persistent Pell v Non-Pell graduation gap with employees
 - ii. Look at why the graduation rates are improving – students with high school credit are driving the move. This should be shared at HS Counselor Articulation. Bob will discuss with Dave.

4. Next meeting March 8, 2:30, 109 Cannon Hall
