- The “Building Community in the Classroom” Teaching Excellence Academy is scheduled for tomorrow, January 12th during in-service. Jen Slavik and Dr. Phyllis Wille will facilitate the session. Faculty will be introduced to the topic through a PowerPoint presentation and personal experience from Jen & Phyllis. Faculty will then be separated into cross-divisional groups and asked to come up with their ideal classroom setting, if no financial constraints were present. These ideas will be shared and faculty will then work within their departments to identify measures that could be implemented with the current resources. Faculty will then be asked to give examples of how they plan to use strategies to build community in their classrooms during the next few semesters. This information will be shared after it is collected and reviewed.
