

APPROVED BUDGET

FISCAL YEAR

JULY 1, 2025 - JUNE 30, 2026

DANVILLE AREA COMMUNITY COLLEGE

September 25, 2025

NON-DISCRIMINATION STATEMENT: Danville Area Community College does not discriminate in employment or educational opportunities, including career and technical educational opportunities, on the basis of race, color, sex, religion, age, national origin, ancestry, marital status, unfavorable discharge from military service (except dishonorable), mental or physical disability unrelated to the ability to perform essential program and job functions, veteran status, or any basis of discrimination precluded by the applicable federal and state statutes in its programs and activities it operates, as required by Title IX and its regulations, including admission and employment. The College will take steps to assure that the lack of English-language proficiency will not be a barrier to employment, admission, and participation in CTE programs. Career and technical education courses/program offerings and admission criteria are on our web site, www.dacc.edu or by calling 217-443-3222. The nondiscrimination policy is located at <https://dacc.edu/board/policies/4003.1>. The grievance process is located at <https://dacc.edu/hr/title-ix/grievance-process>. Title IX information is located at <https://dacc.edu/hr/title-ix>.

The following person has been designated to handle inquiries regarding the non-discrimination policy: Jill A. Cranmore, Vice President, Human Resources, Affirmative Action Officer, Title IX Coordinator, and Section 504/ADA Coordinator, Danville Area Community College, 2000 E. Main St., Martin Luther King Memorial Way, Danville, IL 61832-5199, 217-443-8756, or jcranmore@dacc.edu. Inquiries may also be made to the U.S. Department of Education, Office of Civil Rights, 500 W. Madison Street, Suite 1475, Chicago, IL 60661-4544 or (312) 730-1560, OCR.Chicago@ed.gov.

DACC FISCAL YEAR 2026 BUDGET PROCESS AND INFORMATION

Attached is the Fiscal Year 2026 Budget for Danville Area Community College. The budget plan incorporates the DACC educational and public service commitments to the students, employees, and district residents. The budget was developed with periodic informational review with the Board of Trustees, input/requests from all Budget Managers, and discussion with the College Cabinet. The College Cabinet reviewed the departmental budget and capital equipment requests, and reviewed resource allocations and revenue projections.

Significant Features of the FY2026 Budget

- ◆ An operational budget of \$21,540,000 is recommended. This is approximately 3.8% percent higher than the FY25 Operating Budget. With the adoption of a FY26 budget at the state level, which resulted in a 16.1% increase or \$559,940 in our operating and equalization grants, as well as continued increases in local property taxes as a result of an increasing Equalized Assessed Valuation, the College will be able to move forward by investing in Human Resources to maintain quality instruction, academic support and student support services, provide training needed to meet the employment demands of the community, cover software increases, improve network infrastructure, maintain our Colleague SIS/ERP system in the Cloud, and cover estimated increases in health insurance premiums and utilities.
- ◆ The FY26 budget is based on revenue accrued from a 7% increase in credit hours.
- ◆ The Budget includes the addition of a new Chief Information Officer (CIO) position as well as a new Speech Language Pathology Assistant faculty position. It also includes approved annual salary increases, savings due to holding vacant positions open, an estimated increase in health insurance premiums of 15%, DACC's share (1/3) of Vermilion Advantage's Director of Workforce Education position, the purchase of a mini-bus and increases in facilities and maintenance supplies due to increased prices.
- ◆ Depending on the fluctuation in the EAV, the tax levy rate is anticipated to be approximately 58.72 cents. While the current tax rate is 61.27 cents, it typically fluctuates between 60 and 63 cents.
- ◆ Local Revenue/Taxes are 36.7% of the Operating Budget. Funding from state appropriations is 19.2%, revenue from tuition and fees represents 35.6%, miscellaneous revenue represents 1.1% and transfers from other funds represent 7.4% of the funding stream in the Operating Budget.
- ◆ Funding from state appropriations is at the allocated amount from ICCB in the FY26 state budget and is approximately 16.1% higher than the FY25 allocation.
- ◆ The In-District tuition rate increased from \$155 to \$160 per credit hour. Out-of-District, Out-of-State, and International tuition rates increased from \$280 to \$290 per credit hour. The universal fee rate increased \$30 to \$35 per credit hour and all course fees remained the same.
- ◆ Funds were allocated to support the assessment activities, advising, training needs for community employers, and continued investment in technology and instructional software and equipment.

ADDITIONAL INFORMATION

LISTING OF ICCB BUDGET TERMS

AND DEFINITIONS

ILLINOIS COMMUNITY COLLEGE BOARD**FUND DEFINITIONS**

Financial administration requires that each transaction be identified for administrative and accounting purposes. The first identification is by "fund" which is an independent fiscal and accounting entity, requiring its own set of books in accordance with special regulations, restrictions and limitations that earmark each fund for a specific activity or for attaining certain objectives. Each fund must be so accounted for that the identity of its resources and obligations and its revenues and expenditures is continually maintained.

Education Fund

The Education Fund is established by Section 103-1 of the Illinois Public Community College Act and is the most active of those maintained by the college. All transactions which relate directly to the instructional program are recorded here along with transactions involving Academic Support, Student Services, Public Services, and Institutional Support. The sources of revenue credited to the Education Fund are local Education Fund tax levies, student tuition and fees, state apportionments, state and federal monies for reimbursable programs, interest income, and other revenue.

Operations & Maintenance Fund

The Operations and Maintenance Fund - Operational is established by Section 103-1 and Section 103-20.3 of the Illinois Public Community College Act and is used to account for expenditures resulting from facility improvements and operation and maintenance of plant. Local Building and Maintenance Fund - Operational tax levies provide the primary means of financing the operation of this fund.

Operations & Maintenance Fund - Restricted

The Operations and Maintenance Fund - Restricted is established by implication as authorized in Section 103-14 of the Illinois Public Community College Act. Proceeds from the sale of general obligation bonds, interest earned, and transfers from the Building and Maintenance Fund-Operational and budgeted as revenue in this fund. Expenditures made from this fund are for the purchase of moveable and fixed equipment, as well as for the construction of buildings, site improvements, and site development.

Bond and Interest Fund

The Bond and Interest Fund is established by Section 103A-1 of the Illinois Public Community College Act. Bonds which were sold to finance new construction must be paid for out of this fund. Taxes are levied to provide cash to retire the bonds and to pay the interest and service charges.

Auxiliary Enterprises Fund

The Auxiliary Enterprises Fund is established by Section 103-31.1 of the Illinois Public Community College Act. Only funds over which the institution has complete control and freedom of use are included in this fund. Examples are Bookstore and Child Development Center.

Restricted Purposes Fund

Restricted Purposes Funds, established by I.C.C.B. Rules 1501.508 and 1501.509, are those funds restricted as to use and for which a specific fund has not been otherwise provided in this fund structure. These are contrasted with funds over which the institution has complete control and freedom of use. Revenues and expenditures from any federal and state grants for projects of student aid, any gifts or bequests for specific purposes, any projects carried out under contractual arrangements with any person, organization, association, or governmental agency and any agency funds are accounted for with the Restricted Purposes Fund. The programs, Public Service or Organized Research, may be accounted for in this fund. (Examples – ICCB Workforce Development Grant, TRIO, Adult Ed Grants, Perkins Programs Improvement Grants, WIOA-VCW Grants, and Tech Prep Grants).

Working Cash Fund

The Working Cash Fund is established by Section 103-33.1 of the Illinois Public Community College Act. This fund may be established by resolution of the Board of Trustees for the purpose of enabling the Board to have on hand at all times sufficient cash to meet the demands for ordinary and necessary expenditures. Bonds may be issued in an amount or amounts not to exceed at any one time outstanding seventy-five percent of total taxes from the authorized maximum rates for the Educational Fund and the Building and Maintenance Fund combined. These bonds may be issued by resolution of the Board of Trustees without voter approval. That portion of the Working Cash Fund used for the payment of the principal of and interest on Working Cash Fund Bonds and any costs directly related to such payments shall be accounted for by use of a self-balancing group of accounts within the Bond and Interest Fund. Section 103-33.1 through Section 103-33.6 of the Illinois Public Community College Act relates to various provisions for Working Cash Fund.

General Fixed Assets Account Group

This group of accounts is to be used to record the value of plant assets and is normally supported by detailed inventory records.

General Long-Term Debt Account Group

This group of accounts is used to record long-term liabilities such as Building Bonds.

Audit Fund

The Audit Fund is established by Chapter 85, Section 709 of Illinois Revised Statutes for recording payment of auditing expenses. The audit tax levy should be recorded in this fund, and monies in this fund should be used only for the payment of auditing expenses.

Liability, Protection and Settlement Fund

This fund is established pursuant to Chapter 85, Section 9-107 and Chapter 108 1/2, Section 21-110.1 of the Illinois Revised Statutes. The tort liability, property insurance, medicare insurance, unemployment insurance, and worker's compensation levies should be recorded in this fund. The monies in this fund, including interest earned on the assets of this fund, should be used only for the purposes authorized under unemployment, or worker's compensation insurance or claims, or Chapter 108 1/2, Section 21-110.1, i.e., the cost of participation in the Federal Medicare Program. Revenue and expenditures for each type of insurance coverage should be accounted for separately using a complete set of self-balancing accounts within the Liability, Protection, and Settlement Fund.

ILLINOIS COMMUNITY COLLEGE BOARD

REVENUE DEFINITIONS

Local Support

Revenues from district taxes, from chargebacks, and from all governmental agencies below the state level including Corporate Personal Property Replacement Tax.

State Support

State revenues from all state governmental agencies.

Tuition and Fees

All tuition and fees, less refunds, remissions, and exemptions, assessed against students for educational and general purposes.

Other/Transfer Revenue

ILLINOIS COMMUNITY COLLEGE BOARD**PROGRAM/FUNCTION DEFINITIONS**Instruction

Instruction consists of those activities dealing directly with or aiding in the teaching of students or improving the quality of instruction. It includes the activities of the faculty in the transfer, career and evening programs (credit and equivalency) and all the supportive equipment, materials, supplies and costs that are necessary to implement the instructional program.

Academic Support

Academic Support used in the learning process includes the following: operation of the Library, Educational Media Services, Instructional Materials Center, Academic Computing, Academic Deans, and Administrative support to academic programs. It also includes all equipment, materials, supplies and costs that are necessary to support this function.

Student Services

Student Services provides services in the areas of Admissions, Records, Counseling, Student Activities, Testing, Financial Aid, Placement, and the administration of the Student Services program. It also includes all equipment, materials, supplies and costs that are necessary to support this function.

Public Services

The Public Service function includes the services provided to the general community, governmental agencies and business and industry for non-credit continuing education and community service activities. Continuing Education is considered to be those non-credit activities under Public Service which have been established to provide an educational service to the various members of the community, and are not part of degree credit or certificate credit curriculum. Continuing Education includes but is not limited to professional review courses, workshops and seminars. Community Services are those activities under Public Service concerned with making available to the public various resources and unique capabilities that exist within the institution. Examples of Community Service may be conference and institutes, general advisory services and reference bureaus, urban affairs, international affairs, radio, television, consultation and similar activities which meet the test that the primary intent for establishment is to provide services which are beneficial to groups and individuals outside of the institution.

Auxiliary Enterprises

Auxiliary services provides for the operation of the Bookstore and Child Development Center. It also includes all equipment, materials, supplies and costs that are necessary to support this function. Activities should be self-supporting.

Operation and Maintenance of Plant

Operation of Plant consists of the custodial activities necessary to keep the physical facilities open and ready for use. Maintenance of plant consists of those activities necessary to keep the grounds, buildings and equipment operating efficiently. Function also provides for utilities and campus security. Costs also include all equipment, materials and supplies necessary to support this function.

Institutional Support

Institutional support includes expenditures for central executive-level activities and support services that benefit the entire institution. Included in this function is the President's Office, Business Office, Human Resource Office, Research and Planning Office, Administrative Data Processing Office, Graphics Department, Governing Board, and legal services. Costs also include all equipment, materials, and supplies necessary to support this function.

Scholarships, Student Grants, and Waivers

This category includes activities in the form of grants to students, prizes and awards, chargebacks, and aid to students in the form of state-mandated and institutional tuition, and fee waivers.

ILLINOIS COMMUNITY COLLEGE BOARD

OBJECT DEFINITIONS

Salaries

The compensation for services rendered by personnel employed by the college as well as student help employed to complement the educational process and its supporting area.

Employee Benefits

This category includes the cost for health insurance, employer match of Medicare, employee tuition waivers, and employee tuition reimbursements.

Contractual Services

Services contracted for by the college from organizations or personnel not on the payroll of the college. Included are fees paid to workshop directors, consultants, lawyers and auditors. In addition, expenditures for equipment repairs and machine repairs and other items designated as contractual services.
