Diesel & Automotive Technician

Route 49 Diesel & Auto

Ogden, Illinois

At Route 49, we work on a wide range of vehicles including:

- Light-duty gas vehicles
- Diesel trucks and pickups
- General maintenance and diagnostics
- Repairs ranging from routine service to more in-depth mechanical work

We're looking for someone who is:

- Reliable and takes pride in their work
- Motivated to learn and grow in the industry
- Comfortable working in a fast-paced, hands-on shop environment

Experience is a plus, but not required—we're willing to invest in the right person who has a strong work ethic and a desire to build a career in the automotive/diesel field.

If you're able to share this opportunity with your students or post it on your job board, we would greatly appreciate it. We're happy to set up interviews and hands-on evaluations for interested candidates.

Please feel free to reach out with any questions or to connect us with potential applicants.

6/30/26

Job Title: Trucking Administrative Assistant

Company: Parks Livestock, Inc.

Location: Danville, IL

Job Summary

The Trucking Administrative Assistant at Parks Livestock, Inc. is responsible for supporting the efficient operation of trucking services by managing driver settlements, accounts payable, dispatch-related communication, and essential data management. This role plays a critical part in ensuring smooth communication between drivers, dispatch, and the administrative office, while maintaining meticulous records and ensuring timely processing of payments. The ideal candidate will have strong attention to detail, excellent organizational skills, and proficiency in relevant software tools.

Key Responsibilities

Driver Settlements & Payment Processing

- Generate accurate weekly settlements for all company and owner-operator drivers, ensuring timely and complete processing of compensation and reimbursements.
- Email check and ACH payment details directly to designated contacts, ensuring clarity and timely receipt of information.
- Distribute copies of settlements through both email and fax to drivers as needed, confirming that all documentation is accessible and meets driver requirements.
- Enter reimbursements accurately into the Axon system, tracking amounts and providing transparent records for both company and driver reference.

Fleet One Data Management & Invoice Processing

- Regularly download Fleet One data and integrate it into the Axon software, ensuring that fuel purchases, maintenance, and other expenses are accurately documented and up-to-date.
- Adjust and manage payable invoices, including verifying entries for both company drivers and owner-operators, with careful attention to billing details and allocation of expenses.

Mail Sorting & Documentation Management

- Sort incoming mail daily, prioritizing driver envelopes, and ensuring that important documentation is distributed promptly.
- Open and categorize fuel receipts, load sheets, and reimbursement documentation for accurate tracking and data entry.

Lease & Reimbursement Administration

- Draft and update lease agreements, entering new driver and vehicle information accurately into Axon to reflect updated terms and conditions.
- Maintain organized files for lease agreements, ensuring that all documents are accessible for future reference.
- Process reimbursements by matching Com checks with receipts, confirming expenses, and entering them into the payables system.

Accounts Payable Support

- Coordinate closely with Dispatch to gain approval for payment authorizations and track all payables in Axon, ensuring timely processing.
- Assist with printing and distributing checks for accounts payable, maintaining up-to-date records.
- Reconcile check details with invoices to ensure consistency and accuracy, and file appropriately.

File Organization & Record Keeping

- Maintain detailed records for mileage sheets, driver settlements, paycheck documentation, fuel receipts, and reimbursement files in accordance with company policies.
- Organize files systematically for easy access and regular auditing to maintain transparency and compliance.

Order Entry & Routing Updates

- Enter daily trucking orders, ensuring that all orders are accurately reflected in the system.
- Update routing information as changes occur, ensuring drivers and dispatch are always informed of the latest routes and schedules.

Dispatch & Phone Support

- Answer incoming phone calls, assist drivers with dispatch-related questions, and provide real-time support on load status and schedules.
- Maintain and update driver contact lists, as well as truck and trailer status logs for easy access by the dispatch team.
- Track arrival and receiving times for all drivers and loads, maintaining an accurate record to improve scheduling and logistics planning.

Communication & Cross-Departmental Collaboration

- Respond to inquiries from the Danville office and other departments, ensuring prompt and clear communication.
- Act as a liaison to coordinate and clarify issues, collaborating with the team to address any questions or concerns for continuous operational improvement.

Other Duties as Assigned

- Support additional tasks and projects assigned by management to improve office efficiency or assist with special initiatives.

Qualifications

- Previous administrative experience in a trucking, logistics, or similar environment is preferred.
- Proficiency in data management software (e.g., Axon) is highly preferred, with the ability to adapt quickly to new systems.
- Strong organizational skills, high attention to detail, and an ability to manage multiple tasks effectively.
- Excellent verbal and written communication skills to interact effectively with drivers, dispatch, and office personnel.

This role is essential in facilitating daily trucking operations, providing a vital link between drivers, dispatch, and management to ensure smooth and efficient services.

Local 669 Sprinkler Fitters Apprenticeship Opportunities

TO: State of Illinois Outreach Organizations
DATE: August 2019

The Local 669 Joint Apprenticeship and Training Committee (JATC) conducts a five year apprenticeship program in all or part of 48 states in the U.S. for Sprinkler Fitters who are piping mechanics specializing in Fire Protection. We are very interested in your help to recruit qualified applicants. We also have excellent insurance, pension and education plans. The apprentice's entry-level rate is based on a percentage of the Journeyman rate of \$44.26 per hour and may increase every six months if qualified. Previous experience in construction or related college or military experience may enhance the entry-level wage.

The minimum qualifications for entry into the Program are:

- 1. Must be the age of 18 or over.**
- 2. Must be a high school graduate or have G.E.D.**
- 3. Must be physically fit to perform the work of the trade.**
- 4. Must have military discharge under other than dishonorable conditions, if applicable.**

Applications will be accepted five days per week, except holidays, 52 weeks per year between the hours of 9:00 - 11:30 a.m. and 1:30 - 3:00 p.m. at the contractor/employers address. All completed applications will be held on file until there is a need to interview applicants for expected opportunities.

Applications must be completed 45 days prior to interview date. All applicants must provide a copy of their birth certificate, high school diploma or G.E.D. certificate and Military Discharge (Form DD-214) if applicable.

The recruitment, selection, employment, and training of apprentices during their apprenticeship shall be without discrimination because of race, color, religion, national origin, or sex. The sponsor will take affirmative action to provide equal opportunity in apprenticeship and will operate the apprenticeship program as required under title 29 of the Code of Federal Regulation part 30.

The JATC and Local 669 signatory contractors are Equal Employment Opportunity Employers.

Please visit the training website www.training669.org for further information.

Take your Career to *New Heights*

EDF Renewables North America is a market-leading independent power producer and service provider with over 35 years of experience. We deliver grid-scale power projects in wind, solar, and storage; distribution-scale power projects in solar and storage; and onsite solutions including EV charging. EDF Renewables' North American portfolio consists of 18 GW of developed projects and 14.6 GW under service contracts with technical, operational, and commercial expertise to maximize the performance of generating projects.

AVAILABLE POSITIONS

Paid Internship - Renewable Energy Technician 1 (Wind)

EARL PARK, ID

Pay range:

Full pay range is \$17.50 to \$29.00 per hour. Target pay is \$22.00 per hour. Salary based on factors such as internal equity, candidate work and leadership experience, educational credentials, and, in some cases, candidate work location.

Summary:

Under specific direction from the site manager and supervision of an experienced technician, this position will assist experienced technicians with conducting maintenance, preventative maintenance, and repair of wind turbines and/or photovoltaic power and energy storage systems. Learns and applies EDF Core values: safety, teamwork, respect, passion, transparency, good sense, and accountability.

This is a 12-week internship, with the potential to convert to a permanent employee thereafter. Employment after completion of the 12-week internship is not guaranteed and is based on approved headcount, workload, and individual performance as assessed by site leadership.

Renewable Energy Technician (Wind)

CABERY, IL

Salary range:

Full pay range is \$22.16 to \$46.82 per hour. Target range is \$27.00 to \$41.00 per hour. Salary based on factors such as internal equity, candidate work and leadership experience, educational credentials, and, in some cases, candidate work location.

Summary:

Under the direction of the site manager, this position is responsible for conducting preventative maintenance of wind turbines and/or photovoltaic power energy storage systems; and, under the supervision of an experienced technician, conducts troubleshooting and repairs.

This position is expected to work safely under all circumstances and to seek guidance for any work for which they are unfamiliar or do not feel competent to perform safely.
