## **Diesel & Automotive Technician**

Route 49 Diesel & Auto

Ogden, Illinois

At Route 49, we work on a wide range of vehicles including:

- Light-duty gas vehicles
- Diesel trucks and pickups
- General maintenance and diagnostics
- Repairs ranging from routine service to more in-depth mechanical work

We're looking for someone who is:

- Reliable and takes pride in their work
- Motivated to learn and grow in the industry
- Comfortable working in a fast-paced, hands-on shop environment

**Experience is a plus, but not required**—we're willing to invest in the right person who has a strong work ethic and a desire to build a career in the automotive/diesel field.

If you're able to share this opportunity with your students or post it on your job board, we would greatly appreciate it. We're happy to set up interviews and hands-on evaluations for interested candidates.

Please feel free to reach out with any questions or to connect us with potential applicants.

6/30/26

**Job Title:** Trucking Administrative Assistant

**Company:** Parks Livestock, Inc.

**Location:** Danville, IL

## **Job Summary**

The Trucking Administrative Assistant at Parks Livestock, Inc. is responsible for supporting the efficient operation of trucking services by managing driver settlements, accounts payable, dispatch-related communication, and essential data management. This role plays a critical part in ensuring smooth communication between drivers, dispatch, and the administrative office, while maintaining meticulous records and ensuring timely processing of payments. The ideal candidate will have strong attention to detail, excellent organizational skills, and proficiency in relevant software tools.

## **Key Responsibilities**

### **Driver Settlements & Payment Processing**

- Generate accurate weekly settlements for all company and owner-operator drivers, ensuring timely and complete processing of compensation and reimbursements.
- Email check and ACH payment details directly to designated contacts, ensuring clarity and timely receipt of information.
- Distribute copies of settlements through both email and fax to drivers as needed, confirming that all documentation is accessible and meets driver requirements.
- Enter reimbursements accurately into the Axon system, tracking amounts and providing transparent records for both company and driver reference.

### **Fleet One Data Management & Invoice Processing**

- Regularly download Fleet One data and integrate it into the Axon software, ensuring that fuel purchases, maintenance, and other expenses are accurately documented and up-to-date.
- Adjust and manage payable invoices, including verifying entries for both company drivers and owner-operators, with careful attention to billing details and allocation of expenses.

### **Mail Sorting & Documentation Management**

- Sort incoming mail daily, prioritizing driver envelopes, and ensuring that important documentation is distributed promptly.
- Open and categorize fuel receipts, load sheets, and reimbursement documentation for accurate tracking and data entry.

### **Lease & Reimbursement Administration**

- Draft and update lease agreements, entering new driver and vehicle information accurately into Axon to reflect updated terms and conditions.
- Maintain organized files for lease agreements, ensuring that all documents are accessible for future reference.
- Process reimbursements by matching Com checks with receipts, confirming expenses, and entering them into the payables system.

### **Accounts Payable Support**

- Coordinate closely with Dispatch to gain approval for payment authorizations and track all payables in Axon, ensuring timely processing.
- Assist with printing and distributing checks for accounts payable, maintaining up-to-date records.
- Reconcile check details with invoices to ensure consistency and accuracy, and file appropriately.

### **File Organization & Record Keeping**

- Maintain detailed records for mileage sheets, driver settlements, paycheck documentation, fuel receipts, and reimbursement files in accordance with company policies.
- Organize files systematically for easy access and regular auditing to maintain transparency and compliance.

### **Order Entry & Routing Updates**

- Enter daily trucking orders, ensuring that all orders are accurately reflected in the system.
- Update routing information as changes occur, ensuring drivers and dispatch are always informed of the latest routes and schedules.

### **Dispatch & Phone Support**

- Answer incoming phone calls, assist drivers with dispatch-related questions, and provide real-time support on load status and schedules.
- Maintain and update driver contact lists, as well as truck and trailer status logs for easy access by the dispatch team.
- Track arrival and receiving times for all drivers and loads, maintaining an accurate record to improve scheduling and logistics planning.

### **Communication & Cross-Departmental Collaboration**

- Respond to inquiries from the Danville office and other departments, ensuring prompt and clear communication.
- Act as a liaison to coordinate and clarify issues, collaborating with the team to address any questions or concerns for continuous operational improvement.

### **Other Duties as Assigned**

- Support additional tasks and projects assigned by management to improve office efficiency or assist with special initiatives.

### **Qualifications**

- Previous administrative experience in a trucking, logistics, or similar environment is preferred.
- Proficiency in data management software (e.g., Axon) is highly preferred, with the ability to adapt quickly to new systems.
- Strong organizational skills, high attention to detail, and an ability to manage multiple tasks effectively.
- Excellent verbal and written communication skills to interact effectively with drivers, dispatch, and office personnel.

This role is essential in facilitating daily trucking operations, providing a vital link between drivers, dispatch, and management to ensure smooth and efficient services.

# Manufacturing Technician

## Summary

---

Manufacturing Technician(s) report directly to the Director of Signworks Manufacturing. This is an intermediate skill level position where the employee is developing his/her knowledge over a wide range of technical abilities required at Watchfire. The primary focus of this position is technical support of production employees, operational readiness and preventive maintenance of all Manufacturing Equipment (e.g. CNC Turret Punches, Extrusion Saws and Mills, Welders, and large natural gas heated oven, material handling equipment, etc.), and continuous improvement projects which include cost savings. Exceptional organizational and time management skills, multi-tasking and adapting to rapidly changing priorities, with an understanding of urgency and critical issues is required.

## Responsibilities

---

- Maintain, troubleshoot, and repair manufacturing equipment for operational readiness.
- Educate production staff to replace/add fluids, greases, filters, belts, chains; set-up fixtures and work holding devices, etc. as needed to maintain operational readiness.
- Maintain troubleshooting documentation and assist production employees with interpretation.
- Operate machines, control and manipulate machines manually to perform troubleshooting or return machines to operating condition. Perform in-process diagnosis of equipment.
- Verify all production tooling, standards, fixtures, and equipment are used as per Manufacturing Engineer(s) directions and assist production staff in proficiency with replacing same items.
- Conduct preventive/predictive maintenance tasks and audits of machine condition(s).
- Schedule annual preventive maintenance and contractor activities for all advanced maintenance work concerning any machine, product, device, or tool used to maintain production success.
- Establish maintenance tasks beyond manufacturers' recommendations where necessary.
- Complete individual and/or team projects to maximize production efficiency and quality.
- Maintain all replacement parts inventory, technical manuals, industry standards, etc.
- Complete studies as required and document recommendations for review on future equipment.
- Assist Manufacturing Engineers in the development of work instructions, equipment logs, material/supply specifications and machine history documents.
- Communicate verbally, in-writing, and electronically via computer to other team members and comprehend communication received from team members in the same fashion.
- Maintain an organized, clean, and safe work environment always. Maintain and organize tools in toolboxes, cabinets, and shelves in an optimum state of readiness.
- Interpret engineering prints, OEM assembly drawings, ladder diagrams, schematics, etc.
- Add, subtract, multiply, divide, and convert several units of measure, using whole numbers, fractions, and decimals.
- Stand, walk, stoop, kneel, & crouch in and around tightly configured equipment. Frequently lift and carry 10 pounds, and occasionally lift and/or move 75 pounds.
- Work overtime and weekends as needed to support production demands, projects, on-site contractors, etc.

## Required Qualifications/Skills:

---

- Proficient in operating and troubleshooting CNC metal fabrication/machining equipment.
- Demonstrated ability to diagnose and repair/replace machine components. (i.e., motor starter, VFD, disconnect, fuse, prox. switches, PLC, solenoid valve, linear rail, flow switch, etc.), computers, PLC/HMI, or comparable software-related devices used on modern machines.
- Proficient with a wide variety of hand tools and machines that are customary with mechatronics industries. (i.e., wrenches, sockets, pliers, screwdrivers, calipers, mag/base/dial indicator, multi-meter, precision level, battery powered tools, lathes, mills, surface grinder, laser, etc.)
- Proficient with preventive and predictive maintenance methods such as battery monitors, oil analysis, vibration analysis, and thermal imaging.
- Intermediate experience with IT networking related to CNC connections to internal communication networks, Wi-Fi and Bluetooth connections to machines and tools, and IOT.
- Completion of DOL/OSHA 30-hour General Industry course within 90 days of hire.
- Strong experience with computers, internet, smart phone, AutoDesk Software (Inventor, AutoCAD, and Vault), and Microsoft software (Teams, Word, Excel, Outlook, CoPilot) is required.

### **Required Education and Licensing**

---

- Associates of Science in Technology with a minimum of 2 years of experience; or
- 4yrs experience in the Responsibilities above; or
- 6yrs experience working in a manufacturing environment operating CNC equipment.

*\*Watchfire is an Equal Opportunity Employer. All aspects of employment including the decision to hire, promote, discipline, or discharge, will be based on merit, competence, performance, and business needs.*

*\*Legal authorization to work in the US required. We will not consider candidates who need sponsorship, now or in the future, to be legally employed in the US. No H1B, OPT, CPT or other "temporary work authorization" candidates will be considered.*

**Company Name:** Danville Public Library

---

**Job Title:** Bookmobile Driver

---

**Description:** The Danville Public Library is seeking a qualified and safety-oriented individual to serve as a Part-Time Bookmobile Driver. The Bookmobile Driver supports the library's mission of expanding access to books, educational materials, and digital resources by bringing library services directly to neighborhoods, schools, and community locations.

Interested applicants should submit the following materials:

- Resume
  - Cover letter
  - Three professional work references
  - Documentation of relevant driving experience, including experience operating commercial vehicles, buses, delivery trucks, or other large vehicles
- 

**Type:** Part Time **Shift:** 1st Shift **Days:** Monday – Friday **Wage:** \$22/hr

---

**Responsibilities:** Essential Duties and Responsibilities

- Safely operate and transport the library bookmobile along scheduled outreach routes
  - Conduct required pre-trip and post-trip inspections
  - Ensure proper parking, stabilization, and setup of the bookmobile at service locations
  - Maintain safe operation of the vehicle in residential areas, schools, and community locations
  - Assist library staff with maintaining organization and cleanliness of the bookmobile interiors
  - Maintain accurate vehicle logs and report maintenance or safety concerns
  - Follow all Illinois commercial vehicle regulations, traffic laws, and library policies
  - Assist with basic setup and closing of outreach services
  - Ability to work respectfully and professionally with patrons of all ages and backgrounds
- 

**Qualifications:** Minimum Qualifications

- Valid Illinois driver's license with a minimum Class C classification required
  - Class B Commercial Driver License (CDL) preferred but not required
  - Safe driving record
  - Experience operating large vehicles such as buses, commercial trucks, or mobile service vehicles
  - Ability to follow established routes and maintain scheduled stops
  - Strong reliability and punctuality
-

## Local 669 Sprinkler Fitters Apprenticeship Opportunities

TO: State of Illinois Outreach Organizations  
DATE: August 2019

The Local 669 Joint Apprenticeship and Training Committee (JATC) conducts a five year apprenticeship program in all or part of 48 states in the U.S. for Sprinkler Fitters who are piping mechanics specializing in Fire Protection. We are very interested in your help to recruit qualified applicants. We also have excellent insurance, pension and education plans. The apprentice's entry-level rate is based on a percentage of the Journeyman rate of \$44.26 per hour and may increase every six months if qualified. Previous experience in construction or related college or military experience may enhance the entry-level wage.

The minimum qualifications for entry into the Program are:

1. **Must be the age of 18 or over.**
2. **Must be a high school graduate or have G.E.D.**
3. **Must be physically fit to perform the work of the trade.**
4. **Must have military discharge under other than dishonorable conditions, if applicable.**

Applications will be accepted five days per week, except holidays, 52 weeks per year between the hours of 9:00 - 11:30 a.m. and 1:30 - 3:00 p.m. at the contractor/employers address. All completed applications will be held on file until there is a need to interview applicants for expected opportunities.

Applications must be completed 45 days prior to interview date. All applicants must provide a copy of their birth certificate, high school diploma or G.E.D. certificate and Military Discharge (Form DD-214) if applicable.

The recruitment, selection, employment, and training of apprentices during their apprenticeship shall be without discrimination because of race, color, religion, national origin, or sex. The sponsor will take affirmative action to provide equal opportunity in apprenticeship and will operate the apprenticeship program as required under title 29 of the Code of Federal Regulation part 30.

The JATC and Local 669 signatory contractors are Equal Employment Opportunity Employers.

Please visit the training website [www.training669.org](http://www.training669.org) for further information.

# Take your Career to *New Heights*

EDF Renewables North America is a market-leading independent power producer and service provider with over 35 years of experience. We deliver grid-scale power projects in wind, solar, and storage; distribution-scale power projects in solar and storage; and onsite solutions including EV charging. EDF Renewables' North American portfolio consists of 18 GW of developed projects and 14.6 GW under service contracts with technical, operational, and commercial expertise to maximize the performance of generating projects.

## AVAILABLE POSITIONS

### **Paid Internship - Renewable Energy Technician 1 (Wind)**

EARL PARK, ID

#### **Pay range:**

Full pay range is \$17.50 to \$29.00 per hour. Target pay is \$22.00 per hour. Salary based on factors such as internal equity, candidate work and/ leadership experience, educational credentials, and, in some cases, candidate work location.

#### **Summary:**

Under specific direction from the site manager and supervision of an experienced technician, this position will assist experienced technicians with conducting maintenance, preventative maintenance, and repair of wind turbines and/or photovoltaic power and energy storage systems. Learns and applies EDF Core values: safety, teamwork, respect, passion, transparency, good sense, and accountability.

This is a 12-week internship, with the potential to convert to a permanent employee thereafter. Employment after completion of the 12-week internship is not guaranteed and is based on approved headcount, workload, and individual performance as assessed by site leadership.

### **Renewable Energy Technician (Wind)**

CABERY, IL

#### **Salary range:**

Full pay range is \$22.16 to \$46.82 per hour. Target range is \$27.00 to \$41.00 per hour. Salary based on factors such as internal equity, candidate work and/leadership experience, educational credentials, and, in some cases, candidate work location.

#### **Summary:**

Under the direction of the site manager, this position is responsible for conducting preventative maintenance of wind turbines and/or photovoltaic power energy storage systems; and, under the supervision of an experienced technician, conducts troubleshooting and repairs.

This position is expected to work safely under all circumstances and to seek guidance for any work for which they are unfamiliar or do not feel competent to perform safely.
