CNC MACHINING BOOTCAMP

Sponsored by: Gene Haas Foundation & Fastenal
(Fastenal providing tools & supplies)

Gain hands-on experience in CNC machining during DACC's free, five-day CNC Machining Bootcamp, covering blueprint reading, precision measurement, CNC milling, and CNC turning fundamentals. Participants will learn industry-relevant skills through practical instruction and projects designed to build confidence with CNC equipment and machining operations.

December 14-18, 2026 **DACC Technology Center**

Free! **Maximum seat capacity: *6***

DAY 1 — *Blueprint Reading & Precision Measurement*

Students learn to interpret engineering drawings and accurately measure manufactured parts using common precision measuring instruments. By the end of the day, participants will be able to read basic mechanical prints, identify tolerances, and verify dimensions using industry-standard tools, like calipers and micrometers.

DAYS 2-3 — *CNC Milling Fundamentals*

Students learn basic setup and safe operation of CNC vertical machining centers. Participants will read programs, set work and tool offsets, load tooling, simulate machining operations, and manufacture a simple project.

DAYS 4-5 — *CNC Turning Fundamentals*

Students learn basic setup and safe operation of CNC turning centers. Participants will read programs, set work and tool offsets, understand tools and turrets, simulate turning operations, and produce a simple lathe project.

Laura Hensgen, Executive Director Marketing, Communications & Creative Content
Danville Area Community College is committed to providing quality, innovative, and accessible learning experiences which meet the life-long academic, cultural, and economic needs of our diverse communities and the world we share.

FOR IMMEDIATE RELEASE **OCTOBER 20, 2026**

DACC to Host Free CNC Machining Bootcamp in December

DANVILLE, Ill. — Danville Area Community College (DACC) will offer a free, five-day CNC Machining Bootcamp December 14–18, 2026, at the DACCTechnology Center. Sponsored by the Gene Haas Foundation and Fastenal, the bootcamp will introduce participants to the fundamentals of computernumerical control (CNC) machining through hands-on instruction and practical learning experiences.

Participants will develop foundational manufacturing skills, including blueprint reading, precision measurement, CNC milling and CNC turning. Throughguided instruction and machining projects, attendees will gain exposure to the equipment, processes and techniques used in today's manufacturingindustry.

"CNC machining is a skill best learned by doing," said Todd Flessner, DACC CNC Machining Instructor. "This bootcamp gives participants the opportunity towork directly with CNC equipment, build confidence with essential machining techniques and gain a better understanding of the skills used in today'smanufacturing industry. We're excited to offer this hands-on experience to individuals interested in exploring manufacturing and developing new careerskills."

The bootcamp is free to attend, thanks to the support of the Gene Haas Foundation and Fastenal. Enrollment is limited to six participants, allowing forindividualized instruction and valuable hands-on experience with CNC equipment.

Individuals interested in developing introductory machining skills or exploring opportunities in modern manufacturing are encouraged to register online.

Individuals interested in participating can register online at:

Registration: https://danvillecorporatetraining.coursestorm.com/course/cnc-boot-camp

NON-DISCRIMINATION STATEMENT: Danville Area Community College does not discriminate on the basis of race, color, national origin, sex, disability or age in its programs and activities, including admissions and employment. Inquiries may be directed to Jill A. Cranmore, Vice President, Human Resources, Affirmative Action Officer, Title IX Coordinator, and Section 504/ADA Coordinator, Danville Area Community College, 2000 E. Main St., Martin Luther King Memorial Way, Danville, IL 61832-5199, 217-443-8756, or j.cranmore@dacc.edu.

Event Details:

- What: DACC CNC Machining Bootcamp
- When: December 14–18, 2026
- Where: DACC Technology Center, Danville, Illinois
- Cost: Free
- Enrollment: Limited to six participants
- Sponsors: Gene Haas Foundation and Fastenal

The Gene Haas Foundation's commitment to Danville Area Community College students is a powerful example of how generosity can make a lasting difference. What began with an initial gift of $2,000 nine years ago has grown to an incredible $126,000 in total support, thanks to this year's generous $24,000 contribution. This remarkable milestone earns the Gene Haas Foundation a bronze plaque on the DACC Foundation's Wall of Honor, recognizing a legacy of giving that continues to open doors, create opportunities, and change lives through education. We are deeply grateful for their continued investment in our students and their futures."

PUBLIC AID ELIGIBILITY ASSISTANT

We continually strive for a workforce that reflects the growing diversity within the State of Illinois. A variety of employee backgrounds, perspectives, ideas and experiences are crucial to our ability to most effectively serve the public. Bilingual skills welcome

Reasonable Accommodation Statement

The State of Illinois is committed to working with and providing reasonable accommodations to people with disabilities. Further, federal law requires employers to provide reasonable accommodation to qualified individuals with disabilities. Please tell us if you require a reasonable accommodation to apply for a job, interview for a job, or for any other activity related to the hiring process. Examples of reasonable accommodation include, but are not limited to, making a change to the application process (if possible), providing documents in an alternate format, using a sign language interpreter, or using specialized equipment.

To be provided a Reasonable Accommodation during the hiring process, you will need to provide a certification of disability from a physician, psychiatrist, school official or an Illinois Department of Human Services (DHS) Division of Rehabilitation Services (DRS) Vocational Rehabilitation (VR) Counselor. Supporting documentation should be uploaded under **My Documents → Additional Documents** section for each application.

Any questions on Reasonable Accommodations can be directed to Central Management Services Disability Resource Center at CMS.DisabilityResCen@illinois.gov or call (217) 524-7514 for further information and to request or discuss an accommodation.

Sponsorship for Employment

The State of Illinois does not provide sponsorship for employment visa status (e.g. H-1B visa status), nor is the State able to provide extensions of optional practical training (OPT) under the STEM-designated degree program for F-1 students. To be considered for permanent employment with the State of Illinois, applicants must be currently authorized to work in the United States on a full-time basis.

Disclosure of Salary Information

In compliance with the Illinois Equal Pay Act, 820 ILCS 112/1 et seq., the State does not seek, request, or require a job applicant's wage or salary history. Employment decisions are not made based on an applicant's wage or salary history. To that end, please **do not include wage or salary information in your resume or other profile or application materials**.

Department of Human Services / Salary: $4,1444 - $5,429 / Month ($49,728 - $65,148 /Year) Full-Time

Vermilion County 2 positions available. Mon – Fri, 8:30 am - 5:00pm 1-hour unpaid lunch hour.

Is it **REQUIRED** that a person reports to the headquarters on this position as necessary (could be weekly, monthly, or other schedule) dependent on operational need. Location: 220 S. Bowman Ave. Danville, IL

Family and Community Services Region # 3 JOB Requisition ID: 59398

Skill Option: None / Bilingual Option: None

This is a union position: therefore, provisions of the relevant collective bargaining agreement/labor contract apply to filling of this position.

MUST apply electronically through the **Illinois.jobs2web.com website**. Applications submitted via email or any paper manner will not be considered. You can see a full description of this position at this site.

Closing date: 10/28/26

Automation International, Inc.

Posted on: October 13, 2026

Job Title: General Accountant

Description: The General Accountant is responsible for supporting the end-to-end financial operations of our manufacturing and systems integration business. In an OEM environment with custom integration projects, this role goes beyond routine bookkeeping: it bridges standard bill-of-materials (BOM) manufacturing accounting with long-term, percentage-of-completion project accounting. The ideal candidate ensures accurate financial reporting, performs complex balance sheet reconciliations, monitors job-cost variances, and supports month-end close.

Type: Full Time **Shift:** 1st Shift **Days:** Monday – Friday **Wage:** Competitive depending on experience

Responsibilities: General Ledger & Month-End Close--Prepare and post standard, recurring, and adjusting journal entries in accordance with US GAAP. Reconcile balance sheet accounts monthly, including cash, prepaid expenses, accrued liabilities, and fixed assets--Maintain the fixed asset ledger, tracking additions, disposals, depreciation, and capital expenditure (CapEx) associated with tooling, plant machinery, and test equipment--Support the Controller with timely and accurate monthly, quarterly, and fiscal year-end financial close schedules--OEM & Systems Integration Cost Accounting Support--Monitor work-in-progress (WIP), finished goods, and raw material inventory movements across production lines and integration bays--Review job cost ledgers for custom integration projects, analyzing variances between estimated engineering hours/materials and actual job expenditures--Assist in revenue recognition under ASC 606, particularly regarding milestone billings, progress payments, and percentage-of-completion (PoC) integration contracts--Participate in periodic physical inventory counts, cycle counts, and scrap/obsolescence reserve reviews. Accounts Payable, Billing & Cash Management--Partner with the AP and AR teams to resolve discrepancies related to purchase orders, 3-way matching for raw materials, and specialized subcontractor invoices.

Qualifications: Education: Bachelor's degree in Accounting, Finance, or a related discipline required--Experience: 3–5+ years of progressive general accounting experience, ideally within a discrete manufacturing, OEM, or systems integration/job-shop environment--Accounting Standards: Solid grasp of US GAAP, standard costing concepts, and milestone/percentage-of-completion revenue recognition--ERP Proficiency: Hands-on experience with manufacturing ERP platforms (e.g., Epicor, SAP, NetSuite, Infor, or Microsoft Dynamics 365 Business Central)--Technical Skills: Advanced proficiency in Microsoft Excel (pivot tables, complex formulas, XLOOKUP, data modeling)--Analytical Mindset: Strong attention to detail with the ability to trace cost anomalies back through engineering changes, BOM deviations, or shop-floor labor hours.

Preferred Qualifications--Prior exposure to government or industrial contractor job-cost compliance (e.g., ASC 606 contract asset/liability tracking)--Experience with inventory cycle counting programs and standard cost rollups--Progress toward or attainment of CPA or CMA certification.

HUDSON
TECHNOLOGIES

Currently seeking to hire two experienced HVAC Technicians in Illinois.

Qualified candidates should have prior experience working with boilers and chillers and be willing to travel both regionally and nationally as needed.

- The Service Technician II is responsible for independently performing HVAC/R service, refrigerant recovery, equipment maintenance, troubleshooting, and repair with minimal supervision. This role supports complex projects, assists with system retrofits, mentors junior technicians, and delivers excellent customer service while maintaining high safety and quality standards. The ideal candidate has 1–3 years of HVAC/R field experience, strong diagnostic skills, EPA 608 Universal Certification, and the ability to travel frequently to customer job sites.
- We're also looking for a CDL A Hazmat Driver if anyone is interested.
    - Safely transport hazardous materials to designated locations while ensuring compliance with all DOT, federal, state, and company safety regulations. Conduct pre- and post-trip vehicle inspections, maintain accurate delivery and inspection records, and communicate effectively with dispatch and customers to ensure timely deliveries. Operate commercial vehicles with a valid CDL and Hazmat endorsement, follow proper PPE and safety protocols, and respond appropriately to emergencies or incidents involving hazardous materials. Experience with electronic logging devices (ELDs), hazardous materials handling, and strong problem-solving skills are preferred.

Operations and Maintenance Technician 1

Summary of position:

The Operations and Maintenance Technician Level 1 supports the safe, efficient, and reliable operation of solar photovoltaic (PV) systems. This entry-level role is responsible for assisting with preventive maintenance, system inspections, basic troubleshooting, and repair tasks at solar power plants, both rooftop and ground-mounted. The technician works under the supervision of senior O&M staff and plays a key role in maximizing energy output and system uptime.

Essential Duties and Responsibilities:

- Assist in conducting routine inspections and maintenance of PV systems, inverters, combiner boxes, and other electrical components.
- Perform basic troubleshooting of PV systems and support root cause analysis under guidance.
- Clean and maintain PV panels and balance-of-system equipment as required.
- Assist in monitoring system performance using SCADA, DAS, or monitoring software.
- Support the replacement of fuses, breakers, wiring, or other components per standard procedures.
- Document all work performed, complete inspection reports, and input data into CMMS (Computerized Maintenance Management System).
- Follow safety protocols and wear appropriate PPE (e.g., arc-flash gear, fall protection) at all times.
- Help maintain tools, equipment, and site cleanliness.
- Respond to basic site alerts or alarms under supervision.
- Participate in ongoing safety and technical training programs.

NOTICE
APPRENTICESHIPS
(CARPENTERS, MILLWRIGHT,
FLOORCOVERING)

Mid-Central Illinois Regional Council of Carpenters Joint Apprenticeship and Training Committee will be taking applications for apprenticeship throughout the entire year. Applications are available at 904 Brenkman Drive, Pekin, IL Monday through Friday 9:00 a.m. to 11:30 a.m. and 12:30 p.m. to 3:00 p.m. (except holidays).

Basic requirements are:

1. Must be 17 years old (birth certificate required).
2. High School graduate or equivalent (official transcript required).
3. Must be physically able to perform the work of the trade.
4. Must live in Mid-Central Illinois Regional Council of Carpenter's jurisdiction.
5. Drug testing is required upon entry.
6. Must posses a valid driver's license (copy required).

The Joint Apprenticeship Committee will operate the program as required under Title 29 of the Code of Federal Regulations, Part 30. Women and minorities are strongly encouraged to apply. We are an equal opportunity employer.

Local 669 Sprinkler Fitters Apprenticeship Opportunities

TO: State of Illinois Outreach Organizations
DATE: August 2019

The Local 669 Joint Apprenticeship and Training Committee (JATC) conducts a five year apprenticeship program in all or part of 48 states in the U.S. for Sprinkler Fitters who are piping mechanics specializing in Fire Protection. We are very interested in your help to recruit qualified applicants. We also have excellent insurance, pension and education plans. The apprentice's entry-level rate is based on a percentage of the Journeyman rate of $44.26 per hour and may increase every six months if qualified. Previous experience in construction or related college or military experience may enhance the entry-level wage.

The minimum qualifications for entry into the Program are:

1. **Must be the age of 18 or over.**
2. **Must be a high school graduate or have G.E.D.**
3. **Must be physically fit to perform the work of the trade.**
4. **Must have military discharge under other than dishonorable conditions, *if applicable.***

Applications will be accepted five days per week, except holidays, 52 weeks per year between the hours of 9:00 - 11:30 a.m. and 1:30 - 3:00 p.m. at the contractor/employers address. All completed applications will be held on file until there is a need to interview applicants for expected opportunities.

Applications must be completed 45 days prior to interview date. All applicants must provide a copy of their birth certificate, high school diploma or G.E.D. certificate and Military Discharge (Form DD-214) if applicable.

The recruitment, selection, employment, and training of apprentices during their apprenticeship shall be without discrimination because of race, color, religion, national origin, or sex. The sponsor will take affirmative action to provide equal opportunity in apprenticeship and will operate the apprenticeship program as required under title 29 of the Code of Federal Regulation part 30.

The JATC and Local 669 signatory contractors are Equal Employment Opportunity Employers.

Please visit the training website www.training669.org for further information.

GREENE
GALVANIZED STAIRS

Our founder, Paul Greene, laid a foundation of providing solutions for our customers with service, quality, and value. This foundation is at the core of everything we do at Greene Galvanized Stairs. Our facilities have grown from a small blacksmith shop to over 100,000 square feet of manufacturing space. Our products have evolved to concentrate on safe and easy access for grain storage systems, with options for operations of all sizes, from small family farms to large commercial elevators.

We work to continually improve safe access for commodity storage and handling by providing high quality products with exceptional customer service. We pride ourselves on listening to farmers and looking for ways to solve problems they encounter in their day-to-day work. If Greene Galvanized Stairs sounds like a fit for you, please see our open positions below. We look forward to hearing from you!

Bryant Industries

"Illinois' Most Trusted Name Since 1961"

At Bryant Industries in Danville, IL, great service is our keystone for a reason. Bryant Industries is always willing to listen to a customer's problems and come up with a solution. That's why here at Bryant Industries, we like to think of ourselves as a solutions company.

While we offer many products and services that are already designed and waiting, much of what we do doesn't come from one of those packages but from providing great customer service.

When asked recently for guidance from a farmer whose farm had been leveled by a tornado, not only did we come up with a way for him to recycle his metals, but we helped him formulate a cleanup plan for his entire farm. This is what we do for our customers every day: listen to their problems and come up with a complete solution.

We provide scrap metal cleanup and recycling, vehicle salvage and pick-up, and roll-off dumpster rental services to Central Illinois and Eastern Indiana. From handling industrial scrap to creating Waste Stream Management Plans for companies, no job is too big or too small.

With years of experience in the industry, we take pride in delivering exceptional customer service to all of our clients. Interested in joining the Bryant Industries team? Come see how you can be a part of what we do!

How To Apply:

Visit the link below to print out an application and then return to our office.
