

Non-refundable Application Fee: \$35.00
Check or Money Order payable to DACC at Cashiers Office

APPLICATION FOR ****Level I**** ADMISSION FALL 2024

ADN/RN NURSING EDUCATION

Applications will be accepted for Fall 2024 beginning March 1, 2024

Application deadline for Fall admission is by noon on May 24, 2024

Read all instructions carefully. Any incomplete or late applications will be rejected.

Application must be submitted in person or postal service. No other forms will be accepted at this time.

**Admission to the Nursing Program is competitive and the number of students accepted is limited.
Meeting the minimum requirements DOES NOT guarantee acceptance into the program.**

Students considering a program of study that leads to professional licensure, endorsement or certification in Nursing should contact the appropriate licensing agency in the state where you plan to be licensed prior to enrollment at Danville Area Community College to ensure the coursework meets that state's requirements. Links to the requirements for each state can be found at the National Council for States Boards of Nursing (NCSBN). <https://www.ncsbn.org/14730.htm>

I understand that any false or misleading statements made by me on this application will prevent my acceptance into the program or may be cause for dismissal if accepted.

I understand and accept that after being admitted to the program, I must pass a physical examination approved by Danville Area Community College. I understand that I will be asked to authorize the release of my health and demographic information to the clinical sites utilized by the nursing program.

As required by the clinical affiliates, students must undergo criminal background checks before entering the program. This form will be sent to you upon your acceptance to the program. I also understand that if the results of the background check prevent me from participating at the clinical sites, I will not be able to enter the program. At DACC, we updated all of our program manuals to state: "DACC does not rely on drug test results to deny access to any academic program for any student who is 21 or over and tests positive for marijuana. However, most clinical sites require a test for marijuana and do not allow students to complete clinicals if the test is positive. The clinical is a requirement of this program, and thus if DACC does not have a clinical partner that allows positive tests, students will not be able to complete the program and will be dismissed.

If you have any questions relative to interpretation of any part of this application, please email nursing@dacc.edu
